

src.molecule.Molecule.center

```
graph LR; A[src.molecule.Molecule.center] --> B[src.molecule.Molecule.center_of_mass]
```

A diagram showing a mapping from a source attribute to a target attribute. On the left, a gray rectangular box contains the text 'src.molecule.Molecule.center'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'src.molecule.Molecule.center_of_mass'.
